## Work Experience

---

**Full Stack Developer at iDream Interactive**

**Sept 2021 - Present**

### **Twinspires Project**

- Worked on migrating the site from WordPress to a modern tech stack using Strapi, RemixJS, Fly.io, Doppler, etc.
- Worked on maintaining, enhancing, and debugging the site.
- Implemented new CMS features and developed widgets for the site.

### **GDPR Tool Project (Private/Internal)**

- Automated processing and emailing of GDPR requests (a previously manual process).
- Utilized NestJS, React, and MySQL.

### **Spin Project**

- Contributed to the development of Spin, an e-sports site with a custom CMS.
- Utilized Hasura, GraphQL and NextJS.

### **8-Count-TV Project**

- Worked in the development of 8-Count-TV, a CMS allowing operators to publish and embed short videos in other applications.
- Utilized RemixJS, GraphQL, Hasura, and Mixpanel for analytics.

### **Pickboss Project**

- Worked on the development of Pickboss, a site with a range of content including articles, videos, and bet offers.
- Developed custom plugins for Strapi.
- Utilized Strapi and RemixJS.

### **Company Site Project (In-progress)**

- Actively leading the migration of the company's website from a Gatsby tech stack to a Strapi CMS for improved content management capabilities.
- Utilized Prisma, RemixJS and Strapi.

### **Rhynocare Project (In-progress)**

- Prioritized writing fully tested code for backend development, ensuring reliability and robustness for all deployed solutions.
- Designed and launched multiple micro-services, ensuring modular functionality, increased scalability, and improved platform maintainability.

## Education

---

George Brown College

2017 - 2020

Ontario College Advanced Diploma - Computer Programmer Analyst

Course Highlights: Enterprise Application Development, Security, Java, IT Project Management, Database Programming, Web Design, Object Oriented Programming, Data Structures and Algorithms.

## Skills

---

**Languages:** English (Fluent), Spanish (Fluent)

**Programming Languages:** JavaScript, TypeScript, Python, Java, C#
